

## Was Jesus born in December? <br> Here is one scenario.

| March | April | May | June | July | Aug | Sept | Oct | Nov | Dec | Jan | Feb | March | April | May | June | July | August | Sept | Oct | Nov | Dec |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

Another thought that seems to suggest a late December date is that, in Israel, it has been said, the sheep come into one of their mating cycles sometime after June $21^{\mathrm{tr}}$. Being their gestation period is about 5 months that puts their lambs being born in late December. Since Jesus is "the Lamb of God" (John 1:29), being born in late December would fit.
