Global Warming

Are You READY?

World Net Daily, (www.wnd.com) a major source of news for me and millions of other people, has documented many of the fallacies of the environmentalist's so-called "Global Warming Crisis." On November 5, 2007 Joseph Farah, founder and chief editor of WND wrote an excellent article in which he stated that man-made causes for global warming are just not true. He then proceeded to demonstrate from the Bible that God is in control of what happens to this earth and man, who cannot even predict very accurately the next week's weather, is powerless to cause catastrophic changes in the earth's climate. Al Gore's propaganda movie, "*An Inconvenient Truth*" is nothing more than an effort to scare people into changing their lifestyles.

On November 8, 2007 WND published an article reporting this,

"British High Court judge Michael Burton ruled Wednesday Gore's documentary should be shown in British schools only with guidance notes to prevent political indoctrination. The decision followed a lawsuit by a father, Stewart Dimmock, who claimed the film contained "serious scientific inaccuracies, political propaganda and sentimental mush."

The article continues, to list 11 serious scientific errors in the film and demands that the Nobel Peace Prize Committee retract Al Gore's award.

Several of the 11 serious scientific errors" are edited for space and reprinted as follows: *The film claims that melting snows on Mount Kilimanjaro evidence global warming. The Government's expert was forced to concede that this is not correct. The film suggests that evidence from ice cores proves that rising CO2 causes temperature increases over 650,000 years. The court found that the film was misleading: Over that period the rises in CO2 lagged behind the temperature rises by 800-2000 years. The film uses emotive images of Hurricane Katrina and suggests that this has been caused by global warming. The Government's expert had to accept that it was "not possible" to attribute one-off events to global warming. The film shows the drying up of Lake Chad and claims that this was caused by global warming. The Government's expert had to accept that this was not the case. The film claims that a study showed that polar bears had drowned due to disappearing arctic ice. It turned out that Mr. Gore had misread the study: In fact four polar bears drowned, and this was because of a particularly violent storm. The film threatens that global warming could stop the Gulf Stream, throwing Europe into an ice age: The Claimant's evidence was that this was a scientific impossibility. The film blames global warming for species losses including coral reef bleaching. The Government could not find any evidence to support this claim.*

Also, over 19,000 credible scientists have taken a stand against the idea that global warming, if it exists, is caused by man (The place to research this opposition if you would like to see the names of these men of science is, <http://www.oism.org/pproject/index.htm>, and another link to follow to get good info is, http://www.geocraft.com/WVFossils/greenhouse_data.html. Yet, the media and others of their liberal ilk continue to spout their religious philosophy of man-caused global warming. In April, 2009, Congress held hearings on the subject of global warming and refused to allow dissenting voices. Their minds were made up, and nothing was going to interfere with their

agenda. They brought in that world renowned scientist, Al Gore, and he continued to spout his lies about man causing the so-called global warming crisis. Lord Monckton, who also has totally debunked Gore's lies was flown in by opponents of global warming, but was denied the opportunity to testify by the committee. So much for open debate in the U.S. Congress. Follow the link listed as follows: <http://www.climatedepot.com/a/429/Report-Democrats-Refuse-to-Allow-Skeptic-to-Testify-Alongside-Gore-At-Congressional-Hearing..> What is wrong with their thinking? It is based upon the age-old ideas that man is the product of millions of years of evolution and therefore God does not exist. It is just more of the blather that is promoted by the anti-God zealots, who follow their religion of evolution with a zeal that most Christians should have towards their Saviour. Evolution is a religious belief centered around the idea that man is here on earth just as a product of chance random processes. It is sheer nonsense without a shred of real scientific evidence to back it up...

What is really the future for planet Earth? It is not going to be destroyed by man. God is in control of earth and has given us many promises concerning the future of the earth and its people. Yes, God has some very definite plans for this globe upon which we live.

2 Peter 3:10-12 But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. ¹¹ Seeing then that all these things shall be dissolved, what manner of persons ought ye to be in all holy conversation and godliness, ¹² Looking for and hasting unto the coming of the day of God, wherein the heavens being on fire shall be dissolved, and the elements shall melt with fervent heat?

According to this portion of Scripture God is going to renovate this earth someday soon and it behooves each of us to be ready. The Christian will not experience this God caused

catastrophe as we will be gone from here and in the presence of the Lord Jesus Christ forever.

1 Thessalonians. 4:17 Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord.

Are you ready for the coming of the Lord? If you have never trusted the Lord Jesus Christ as your personal Saviour then you must do so before it is too late.

Romans 10:9-13 That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved.¹⁰ For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.¹¹ For the scripture saith, Whosoever believeth on him shall not be ashamed.¹² For there is no difference between the Jew and the Greek: for the same Lord over all is rich unto all that call upon him.¹³ For whosoever shall call upon the name of the Lord shall be saved.

Trust in the Lord Jesus Christ today and escape the worst of all fires- the flames of an everlasting hell - before it is too late.

Revelation 21:8 But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.
